Subject: North American Industrial Services response to EPA Information Request

Mr. Scaringe,

I received the August 20 and 23, 2018, replies from North American Industrial Services (NAIS) in response to the July 13, 2018 information request letter (Information Request) issued by the Environmental Protection Agency (EPA). Thank you for the information already submitted; however, NAIS has not provided all the information sought in the Information Request. Please provide an accurate, complete answer to the following items:

From Appendix C:

1. With regards to the 2012 Kenworth T800 mentioned in your August 23 response, the VIN, make, model, fuel type, engine size (in liters), and engine power (in horsepower).
2. A list of components included in the aftermarket DEF kit purchased from Cyclone Diesel and identified in the sales receipt provided by NAIS.
3. A narrative description of work performed on the Kenworth T800 including, specifically, what components were added to the vehicle and what was done to return the vehicle to emissions compliance. Include a part description (along with part number and manufacturer) and dates of installation and removal along with substantiating work orders, if available.

From Appendix E

4. A signed Statement of Certification. The Information Request required that all submitted information be certified under an authorized signature. The Statement of Certification was included as Appendix E in the Information Request and has been reattached to this letter for your convenience.

Please submit all requested information to:
